ALSO NOTE: during out talk, Mr. Bush mentioned that he had been called "recently" by David Martin re the Newsweek cover story. Martin asked a lot of leading questions which Mr. Bush refused to answer; he offered Martin# extracts from his recent public speeches where his thoughts on the need for intelligence, etc. were expressed. He also told Martin that he was disturbed at the rumors which seem to be coming out of lower=levels of the Agency and that this showed a lack of discipline. on part of some CIA employees
